

Questions and Answers FY2027 After School Program (ASP)

Responses to questions will be posted to this document within 7 calendar days of receipt.

The deadline for receipt of written questions is **April 10, 2026 at 5:00 p.m.**

Please submit your questions to mbcc@mt.gov.

Q1: Are programs held on evenings and weekends, rather than immediately after school eligible?

A1: Programs operating on weekends and evenings are eligible, as well as summer programming.

Q2: What if the program budget exceeds \$25,000?

A2: The budget should specify only the staff or items funded by the grant.

Q3: Can snacks be funded by the grant?

A3: They can and should be labeled under supplies.

Q4: How do we handle supplanting under the grant?

A4: Any item or staff that is funded under other monies (Grants, donation, etc.) cannot be funded by the grant. You can't take money already allocated for supplies, staff etc. prior to receiving the After School Funding and then pay for these items with grant funds instead of using funding that was already allocated for the purpose. You can however expand the program or add to you just can't replace.

Q5: I am applying for the Afterschool Grant Funding. Where would I find the form for the MOU with collaboration?

A5: MBCC does not provide a form for MOU collaboration, this is something your agency would have created and possibly works with. If you have an MOU with partner agencies, you can submit that. This is a supplement - 'If applicable', so if it is something you don't have or don't do, you don't need to submit it.

Q6: I am having issues with the Euna Grants web portal not saving the information I am entering. I keep receiving 500 Error when I try to upload documents. I have compressed the pdfs to make them as small as possible. How can I submit these documents?

A6: Please email [Jeremy Shields](mailto:Jeremy.Shields@mt.gov) the documents that you are not able to upload into the application and he will make sure that it is included in your application file.

Q7: Our ED/program director is volunteer at this time do you need her listed and also our instructors and assistants are paid on contract so how would you like them listed?

A7: If the ED/Program Director will be paid anytime during the grant period they must be listed along with the estimated amount to be paid. A person's name does not need to be listed, but rather the position (ED/Program Director).

You may list the instructors/assistants under one line; you must include your calculations for how you arrived at the amount requested for those instructors/assistants. An example might be 2 Instructors at \$5/hour for 10 hours = \$100 and 2 Assistants at 2.50/hour for 10 hours = \$50; Total requested \$150.

Q8: Do they (our instructors and assistants paid on contract) get listed under contracts or as an individual?

A8: If they are paid as individuals by your organization with taxes withheld by your organization, then they are listed in Personnel and can all be listed under one-line labelled Instructors/Assistants. If you are paying a contracted company to send you employees who are paid by the contract company, then you list the contract company and the agreed amount being paid to the company.

Q9: Our organization offers summer camp programs and also Pre-ETS services. We are based out of a University. Would we qualify as a Community-based youth services provider or local government applicant? If not, is a fiscal sponsorship with our university foundation (nonprofit) eligible to apply on our behalf?

A9: Yes, your organization would qualify as a local government applicant.
